

GISCC Meeting called to order at 1337, February 16th, 2005

Members and Guests Present:

Camilo Riano, GTA

Geoffrey Garland, UGA ITOS

Eric McRae, ITOS

Allan Adams, ITOS

Brantley Hobbs, ITOS

Danielle Ayan, GA Tech. CGIS

Paul Beaty, GA Tech. CGIS

Art Kalinski, ARC

Donald K. Hill, Dept of Insurance

Donna Bullock, Census

Alan Sandercock, GDNR

Michael Purdue, GDOT

Todd Payne, GDOT

Terry Jackson, DCA

Note: Sign-in sheet passed around late; therefore, list incomplete. Lisa Westin, President, absent due to illness.

GTA Update

USGS has federal funds available for matching state funds for aerial photography.

Mike Perdue to send an e-mail to GTA to validate if the GTA matching funds can be used with GDOT funds. GDOT funds are 80% Federal and 20% State.

Danielle distributed her draft requirements for an ESRI State Purchasing Contract.

Danielle will post the draft requirements on the GISCC web site. Members are to download, review, comment, and send comments back to Danielle.

Terry Jackson, DCA, has a proposal for consideration for GTA matching funds from DCA.

Clearinghouse Update

349 new users over the last month.

DCA County Boundary and DLG-F Roads continue to be highly requested data sets.

Terry Jackson has requested that the DCA County Boundary data set be removed from the Clearinghouse and that users use the TIGER data set.

Homeland Security

Had a meeting with GEA to discuss the use of imagery within a 911 system and the utilization of a statewide street base.

Draft contract with GDOT for data maintenance within the 10 county Atlanta Region.

CIO from Department of Insurance discussed his needs for state facility location information.

Natural & Cultural Resources

NAHRGIS is waiting on input from DNR and Rowe Bowen from GDOT.

Transportation

GISCC Meeting called to order at 1337, February 16th, 2005

Not able to make VPN connection to GDOT's network, so we are not able to demonstrate TREX. Will coordinate with Lisa to host a future GISCC at a GDOT facility in order to demonstrate TREX.

Coordinating within GDOT as to the requirements for GDOT County Maps. Expect this to be finalized this month in order to start producing current GDOT County Maps.

Education & Outreach

Danielle is in charge of Education & Outreach.

Danielle will contact the Association of County Government to establish a communication link with County GIS personnel.

Boundaries & Cadastral

Terry will provide his North Carolina Mapping Standards as a starting point for GDOT Mapping Standards.

Imagery

Passed out some information on the Imagery Report being produced by Georgia Tech.

Other Business / Announcements

Danielle provided flyers on the requirements for GIS Professional.

Meeting adjourned at 1507, February 16th, 2005.
