I. ELA Open Discussion

- A. Because of restructuring within GTA, ELA cannot be guaranteed to be in place for upcoming FY, though this is obviously the goal.
- B. ELA access to software will function like ESRI-BOR license, where access to software .iso files provided.
- C. Presently, the ELA does not cover cost of USB hardware keys necessary to run ArclInfo licenses of ArcGIS.

- D. Each Agency will have a representative who will serve as software and keycode distributor and technical point of contact with ESRI.
 - 1. ELA needs to address what it would cost Agencies to add new Users to ESRI authorized call list.
- E. Current Agency ESRI maintenance bills for '08 need to be paid regardless of when ELA goes into effect. (Prorate if possible, but if money is at risk, pay maintenance.)
 - 1. If Agencies double-pay for maintenance, can that payment be converted to training, other services, etc.? ESRI will check.
- F. State Agencies, RDCs and State Contractors included in first phase of ELA.
- G. Eric McRae requests that Agencies get back to him with their current number of ESRI authorized callers.
- H. See ESRI Customer Care Portal, <https://service.esri.com>.

II. NSGIC Update. (<http://www.nsgic.org/>)

- A. Imagery For the Nation program picking up momentum
- B. RAMONA (<http://www.nsgic.org/hottopics/ramona.cfm>). To be discussed at next meeting.

III. Clearinghouse

- A. 13,609 users received recent Clearinghouse newsletter.
- B. 47 Clearinghouse users request to be added to GISCC Listserv.
- C. All imagery products now free
 - 1. ~10 gig of imagery downloaded monthly.

IV. Other Business

- A. Discussion of Grant appropriations in order for next meeting.
- B. Please be aware of Georgia URISA activities (www.gaurisa.org).
 - 1. Workshop planned for the Fall about Return On Investment for GIS use.
- C. Next meeting May 16th at DCA, 1:30.
