

Agenda

The Georgia GISCC's vision is that all levels of government become highly effective and efficient through the coordination and use of geospatially-related data, standards and technologies. The GISCC's mission is to be a valued advisor on sustainable geospatial governance, investments, policies and data-driven decisions influencing Georgia.

Call to order

Thought for Today

A long apprenticeship is the most logical way to success. The only alternative is overnight stardom, but I can't give you a formula for that.
